

RONA DOCX RGN, Independent Nurse Prescriber

**THE
HARLEY
MEDICAL
GROUP®**

FOUNDED ON CARE

Rona Docx is a Registered General Nurse and leading practitioner in Non-Surgical & Surgical Solutions with The Harley Medical Group, joining the company in 2014.

Rona qualified from Sunderland School of Nursing in 1982 in Midwifery and in 1985 from Epsom School of Midwifery. She has a background in Surgical and Oncology nursing.

In 2012 Rona successfully qualified as an Independent Nurse Prescriber (INP) from Durham College.

Rona is an advanced/Master class Aesthetic Nurse Practitioner with specialities including Anti-Wrinkle Injections, Dermal Fillers, Sclerotherapy, Chemical Peels and Genuine Dermaroller treatments. She came to work in the field of advanced innovative non surgical aesthetics in January 2010 and is extremely passionate about providing the right non surgical solution tailored to the right client. Rona has consulted and treated several hundreds of clients and has many testimonials from happy satisfied clients.

Rona is registered with the NMC as an RGN and Independent Nurse Prescriber.

Rona provides a wide range of non surgical treatments for The Harley Medical Group including Botox treatments to the face and hyperhydrosis of the underarms. She is also trained in the administration of dermal fillers including the 8 point facelift and is an ambassador for Obagi Skin Solutions.

Rona enjoys her work and takes pride in the positive outcomes achieved together with clients.
